

We have the pleasure to invite you to the participation in the All-Polish Meeting of Ecological non-governmental organizations ? Ekolumna 2010 which will be held from the 13th to 15th May 2010 r. in Spała east of Tomaszów Mazowiecki.

This meeting is meant to be the continuation of meetings organised in the 90?s in Kolumna near Łódź. The initiator and the organiser of the meetings in those years were Intercollegiate an Ecological Lobby and Maciej Kozakiewicz.

It has been some time since the last major meeting of environmentalists. Assuming that such gatherings are vital to creating a strong movement of environmental organizations and to lobbying for significant changes concerning the issues essential for us, we decided that it was time to resume the meetings.

There are many things which are crucial, but it is no less necessary to get to know one another and find out who's who in Polish ecology. The meeting will be attended by over 120 people. We find it important that the representatives of every notable field of eco activity be present at the meeting, and that there be, as far as possible, equal representation of big city and small town organisations, as well as organisations operating on large scale and those that act more locally.

Project partners are:

Institute of Civil Matters and Bulgarian Biodiversity Foundation.

The ones involved:

- Maciej Kozakiewicz
- VIVA Foundation
- League of the conservation of nature
- Ekoland Association
- Association Eko-Unia
- kobiety.lodz.pl Association

- Łódź Federation of non-governmental organizations

All the expenses of the meeting (apart from the journey) are covered by the organiser from the means obtained from EOG fundings.

Additional information (detailed schedule of the meeting, taking into account your replies) and application form are available on: www.ekolumna.org.pl

The form may be send by mail (address in the headline), fax (number in the headline), or email: ekolumna2010@gmail.com

Application form available HERE: [download file](#)

Simple application form (no graphic elements) HERE: [download file](#)

ATTENTION: We encourage the organisations to send in information on directed campaigns, programmes and other eco activity.

Our editor will publish information about such interesting actions on www.ekolumna.org in the ?POE campaigns? section.
